

# Show our support for the NHS

Have you and your family shown your support for the NHS and Keyworkers?

If so, can you send your teacher a picture of your Rainbows (and you) as the School Council would like to make a montage (like the picture below) on behalf of Medeshamstede Academy and send to the local hospitals to show our community support and appreciation for all their hard work.

An example of a montage.

Fraser and his family showing their support.

You could use the Rainbow below to colour if you haven't got one already
