

MEDESHAMSTEDE ACADEMY REMOTE LEARNING MENU

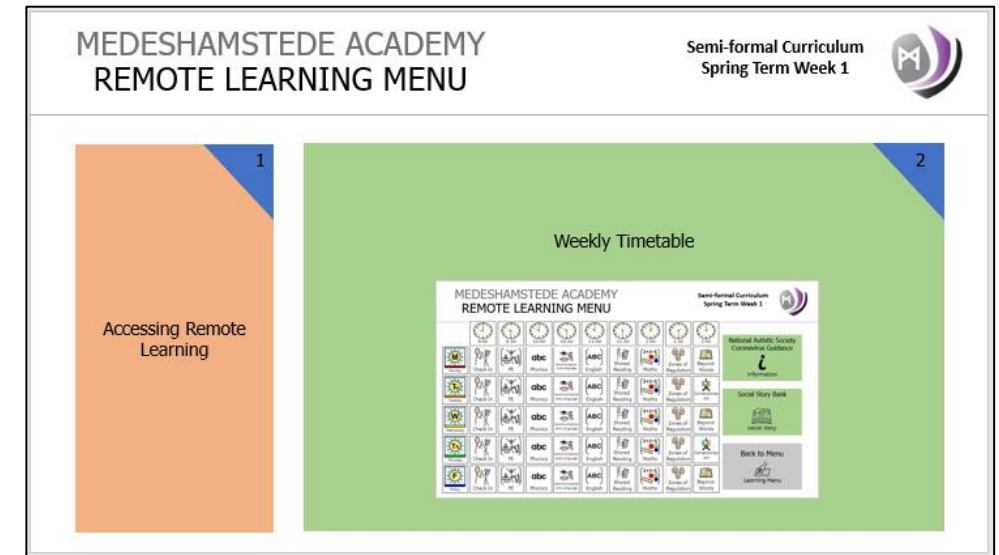

Primary Menu
Spring Term 2 Week 1

Welcome to the Semi-Formal Remote Learning Menu.

The timetable in this resource will provide you with a 'menu' of learning sessions for 'stage rather than age' of your child. Your child will be able to select and access their chosen activities and subjects via Microsoft teams throughout the day and week. Sessions will be live as well as recorded to revisit and to access as required.

This menu offers a broad and relevant curriculum, including academic for cognition and learning needs as well as our core offer for therapeutic EHCP provision: Attention Autism, We Thinkers and Think social for communication and interaction and the 'Zones of Regulation' curriculum as part of occupational therapy, sensory, physical, social, emotional and mental health needs. Resources from PE coaches also offer remote physical development activities.

Accessing Remote Learning

This menu provides your child with a range of lessons in their chosen activities and subjects which can be accessed through the interactive weekly timetable.

Some lessons are pre-recorded while others are offered live. Pre-recorded lessons enable your child to revisit lessons or learn at their own pace.

Some lessons may require access to TEAMS or Microsoft stream, on these occasions you will be prompted for your child's username and password. Please contact the school if you require a reminder of your child's username or password.

Check In

Join Mr Spalding for a repeatable daily check in and mindfulness activity. In the lesson your child can use the zones map to describe how they feel or their own zones check in at home, which can be created by following the weekly zones of regulation sessions.

This weeks session focuses on 'Counting to Ten' to support regulation to the green zone.

Physical Education

Join our PE Coaches Mr Day and Mr Hodgson for a repeatable daily activity. This week you can choose to create a reaction all or take part in sock striking.

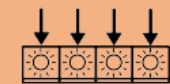

Revisit members of staff from Oak Academy as they guide you and your child on setting up and carrying out a sensory circuit. These lessons explore alerting, organising and calming activities and can be repeated each day to provide a daily sensory circuit for your child. Please consult your child's class teacher if you are unsure of how to set up a sensory circuit for your child.

Dinosaur Planet

This half term, we'll visit a museum virtually, look closely at ancient fossils and study reptiles to understand how dinosaurs may have lived and eventually died out. We'll learn about the great fossil hunter, Mary Anning, and follow in her footsteps, studying dinosaur teeth and bones to find out what dinosaurs liked to eat.

Please use the link on this page to visit the dinosaur museum virtual. This weeks series of lesson focus on listening and responding to information.

Shared Reading

Choose a story to listen to with your child. Each story is read by a familiar member of staff from Medeshamstede Academy. You can repeat the same story each day to support your child's routine and daily structure. Alternatively more independent learners may wish to choose a new story to discover each day of the week.

Beyond Words

Join Mr Spalding as we explore the wordless story 'Lenny and Lily Return to School2.

Lenny and Lily have had different experiences of the lockdown, but now it's time for them to return to school. Lily is excited to go back and meet up with her friends again, but Lenny has enjoyed being at home with his family and feels more anxious.

When Lenny and Lily go back to school they both face different challenges. Lenny struggles to reconnect with his friends and find his place in the group. Lily has found home learning difficult and struggles to keep up with the pace of lessons in class. The story explores the range of emotions Lenny and Lily experience as they come back into school and rebuild relationships with their teachers and friends.

Social Story Bank

Social stories present social situations and views so that pupils can make informed decisions about their choices. In many cases this means explaining why other people follow a specific rule and then reinforcing the positive benefit of following this rule.

These stories may be useful in supporting your child to understand social situations and views that are currently impacting them. Including when they are learning from home. These resources have been taken from the MHA Transition Toolkit, a larger resource to support pupils understanding of new rules and transitions linked to Covid 19.
