To All Parents / Carers

Dear Parent/Carer,

Life Threatening Allergies

We would like to reiterate our policy in relation to food items containing nuts in school, as a number of our new pupils have severe nut allergies which require them to carry an epipen for use if they go into anaphylactic shock.

Strict avoidance of nuts is the only way to prevent a life threatening allergic reaction.

We are asking for your assistance in providing the students with a safe learning environment. We are a nut safe school.

To reduce the risk of exposure the school will be designated nut free. We are asking that you do not send in any foods which contain nuts for individual daily class snacks, lunches or party / shared treats.

We appreciate your support of these procedures. If you have any questions please contact us.

Yours sincerely

Mrs T Ydlibi
Executive Principal

Mrs L Ives
Head of School
